Review: Kevin Colangelo was recommended to me for my daughters wedding reception by a friend of mine who hired Kevin twice for her son's and daughters wedding receptions. She obviously liked him enough the first time to hire him again. At our first meeting with him I was impressed with his background, talent and professionalism. With his excellent website we were able to conveniently plan the complete DJ itinerary for my daughters wedding reception. He answered our questions in a timely manner and was very attuned to every detail. The timetable of events during the reception flowed smoothly. The music played was enjoyed by all ages and I've never seen so many people dance for so long at any reception I've been to! The bride and groom had the best time ever - it was way beyond their expectations! I definitely give Kevin a thumbs up!

### **Review from Bride Christine;**

Kevin did an amazing job DJ'ing our wedding. He played the perfect mix of slow and dance songs to get everyone up and dancing. He provided wonderful advice related to speeches, introduction songs and the anniversary dance. He was very careful about making sure everything went just right and he succeeded. He also did a great job engaging our guests and taking their requests. I've received such terrific feedback about our reception and Kevin's performance in particular. Thanks, Kevin!

Review: Kevin Colangelo was a fantastic DJ! From our first meeting we knew that our reception would be fantastic. Planning the music for the reception was a breeze with the online website. The forms were very easy and helpful. He also took a lot of time not just during our first meeting but also met with us at our venue a couple weeks prior to the wedding to go over floor plans, lighting etc.

We were both extremely pleased with his performance at our wedding. He was very attentive to the pace of the wedding and accommodated all of our music requests. The dance floor was NEVER empty! We have had multiple friends and family members compliment the music and state that it was the BEST wedding reception that they had been to in years!

We highly recommend Kevin and his company to any of you looking to book a DJ!

Review: Kevin exceeded our expectations for planning, lighting, sound, music and entertainment for our wedding day. He was not only very attentive and receptive to our needs and concerns prior to the event, but he demonstrated his attention to detail as he carried out these plans.

We were so happy that we went with Kevin for our ceremony sound and music. The ceremony went flawless and the music was played exactly how we wanted it. His suggestion for music selections for both the ceremony and reception was a big hit as well. As far as the reception, the dinner music was perfect for the setting. When it was time to pick it up, everyone was on the dance floor! The lighting and sound system really help make the event as well. Everyone could hear the toasts clearly and that was a huge plus for us as we have been to many events where we would barely hear the speaker.

Overall, Kevin and his staff did a phenomenal job for us. Everything from the planning to the transitions to the photo booth was exactly what we wanted and kept the day practically worry free!! His suggestions and fast response (especially as the event drew near) really helped keep the whole day an event that we and our guests will never forget. I highly recommend his services to anyone for any event! Thanks Kevin!

Review: When we were first looking for DJ services we were disappointed to find a huge lack of interest from disc jockeys; that was until we found Kevin. From the moment we met him he was enthusiastic and willing to offer us a ton of advice since we were very inexperienced with throwing a wedding reception. He made us feel very at ease and through out the entire planning and event none of us had to feel nervous about the celebration. Kevin was able to work with us to give us the kind of party that people are still talking about day after day! We are getting emails from many out of state and country guests that say that have never had so much fun at a wedding before and that the DJ was so amazing. Literally, the dance floor was packed the entire night! We would recommend Kevin to anybody putting on an event. He is professional, energetic, and very knowledgeable about what he does. We couldn't have been happier with out wedding day. It was the perfect day and thanks to Kevin we had the time of our lives!

Review: Within about 5 or 10 minutes of meeting Kevin Colangelo, I knew I wanted to hire him to be the MC at my wedding. Kevin came to my parents house the fall before my June wedding. He spent around three hours with my parents and I describing in detail what he could do for us at my wedding. He was very animated and expressive, even getting up out of his chair at times to describe some of his wonderful ideas. My parents and I hired him that night-we knew we had the right guy for the job!! We were definitely not disappointed. As the time quickly approached for the wedding and more contact was made with Kevin, he was always very prompt in responding to phone calls and e-mails and always spent whatever time was needed on these phone calls and e-mails. Kevin always offered extra wonderful ideas. When I was concerned about how to make my groom\'s side of the room for the reception look/be more attractive, Kevin suggested we put high top tables and a bar over on his side . This worked out fabulous! Kevin was fabulous at the reception as well doing his best to play as many songs as I had requested. He was professional and classy all the way through!! I would highly recommend Kevin for your next event!!

## **June 17th 2011 Wedding Reception Mohawk River Country Club, Albany NY**

Review: From the first time I saw Kevin in action about 5 years ago at one of my friends wedding I knew that the day I got married he was going to be the one and only DJ I called! My wife was against only checking out one DJ for the wedding (you know how women get about wedding details) but she trusted in what I had to say about Kevin. After coming to an agreement on the cost of the services which I felt was very reasonable we not only booked Kevin as our DJ but also his wedding photo booth. we wanted to do a different wedding favor because everyone pretty much throws them out or never takes them anyway. so we went with the booth. What an awesome idea!! People raved about it all night. They were having the time of their lives playing dress-up and feeling like a child again. It honestly was the greatest idea Kevin gave me for the event. and if I didn't trust his judgment I probably would have not done that. So thank you Kevin!

Approximately one week before our wedding Kevin drove all the way from Geneva NY (finger lake country) to our wedding site which i believe was 3.5 hours away just to meet with me and Brittany and discuss what WE wanted to see for our wedding. It was a 2 hour meeting He completely made our wishes and visions come to life. I honestly don't know of much company's who would do that for their clients. At best I expected a phone conversation about what we wanted. We talked about everything from music to up-lighting and everything in between. My wife felt so comfortable and excited after meeting him and seeing what live art he was going to paint for us and our guests. And to top it all off when him and I first spoke I told him that i only wanted him (Kevin) to run our wedding and not anyone else from his company he took the job. I was very impressed with him after he said he could be our DJ personally. I really thought he wouldn't want the job because it was so far from home for him but he accepted personally and with ease.

Its been almost a month since our wedding and we still see people who all they do is talk about how it was the best wedding they have ever went to in their lives!! how Kevin was the best DJ they ever heard at a wedding and they also can't get over the lighting inside the main dining room. people told me its like something they only see on TV. Since the wedding I have several friends who will be married in the next few years, and also my own brother who will be having a band at his wedding in October want to book Kevin. he was so impressed with him he wants to have him create memories for his wedding like ours.

Kevin blew our mind away with the music, lights, and his level of professionalism. My wife and I were so blessed to get the opportunity to experience at our wedding what Kevin does. he truly is the best!! There really is no other DJ out there who can compare with Kevin, again...HE IS THE BEST!! THANK YOU SO MUCH FOR EVERYTHING!

Review: Kevin was great from the day we met with him to discuss his services. He had so many great ideas on wedding details other than just his DJ services, he had unique ideas from his years of experience and we used some of them and they were such a special addition to the wedding! Not only does he have a great website to use along the way during planning but he will travel to meet with you to go over details and help in the planning process and make sure then venue and his service runs smoothly. The music was fantastic and every one was dancing all night long until the last song was played. He also did up-lighting which looked AMAZING! We also booked a photo-booth and that was a huge hit and you get a copy of everyone's at the end and its a great guest book to keep after to look back at. Kevin's energy and thoroughness really are appreciated and am sooo happy we chose him for our wedding! THANK YOU Kevin, you did a great job and it really means a lot to us that you were a great MC for our wedding. All our guests were very impressed and continue to ask us your name. ## **29th May 2011 Wedding Reception Bayshore Grove, Oswego, NY**

Review: Kevin Colangelo is a professional in every way who went above and beyond what we expected to help us make our wedding day and reception a day we will never forget. We scheduled a meeting with Kevin on a recommendation of a family member after our original DJ company we had hired for our wedding went out of business suddenly. With only a couple of months before the wedding, we were out our deposit and unsure where to turn. We were very lucky Kevin was available. He not only recommended ways to recover our deposit, but also gave us a discount on his services given our situation. His generosity and assistance made such a difference to us.

Kevin was very helpful in helping us plan our reception, the timing, feel, lighting in the reception room, etc. He even met us at the wedding site a few weeks before the wedding to help diagram everything. On the day of the wedding, Kevin arrived early in order to ensure all of his equipment was ready and tested well before any guests arrived. His sound system, lighting, photo booth, and staff were all top notch. Kevin was great during our reception at helping us keep to our scheduled timeline, keeping the guests entertained, and playing a great selection of music. Kevin is a true entertainer who has worked enough weddings to know what works and what doesn't and to read the feel of your reception and guests and make changes on the fly if necessary.

We would not hesitate to recommend Kevin to any couple who is looking for a high quality DJ to make your wedding day even better. We had numerous people remark during and after the wedding on Kevin's work. We have pictures of nearly everyone at the wedding out on the dance floor because of Kevin and we have a great keepsake of hilarious photo booth pictures too. A great DJ can really enhance any wedding reception and Kevin Colangelo is the best in the business.

Review: We were very happy with Kevin's services. Before the wedding, we had an hour-long call with him to talk about the details of the event, minute by minute. Kevin's experience was clear as he told us how to structure the event (i.e. make sure that no one is clearing dishes during the speeches). He was also excellent about finding the music we wanted and even remixing certain songs to fit our needs. Day of, Kevin and his team arrived on time and were all set up as expected.

The event went smoothly thanks in large part to Kevin's assistance.

Review: We were extremely pleased with the complete service we received from Kevin Colangelo. This includes the pre-planning discussions, pricing, the functionality of the online planning website, as well as Kevin's attention to our questions and requests. With regard to the reception itself, Kevin ensured everything went off without a hitch. We had asked for some additional requests that required his assistance (custom introductions, surprise guest singer, hall acoustics, up lighting, etc) which he ensured were executed properly.

Most importantly, Kevin and his assistant made sure the party was a party to remember. The flow of the music and the order of the songs he played were perfect. The crowd was involved and dancing the entire night and everyone had a great time. We receive tons of compliments and positive questions about the DJ. We would definitely recommend his service. Kevin played a major role in my daughter's wedding and his professionalism was unmatched that day. His preparation to detail and his experience shined on our special day. Kevin knows exactly what to say and when to say it and more importantly, 'how to say it'. He was a pleasure to work with.

We received many compliments from our guests, as well as we asked Kevin to do some different things and he performed them flawlessly. He knows how to read a crowd; his voice is spectacular and his clarity is outstanding.

Thank you Kevin for the splendid job you did at Jennifer's and Ryan's wedding. We had guests from 6 states and they all commented on what wonderful job you did.

Kevin is at the top of his trade. His experience and professionalism truly shined on our special day!

### **(Also from the Bride Jennifer)**

Kevin Colangelo went above and beyond to help me make my wedding day unique and one-of-a-kind. I live out of town so I had to rely on emails and calls to correspond with him, and he was professional and helpful the entire time, making me feel like everything would fall into place. From special requests (Kevin cut our first dance song for us) to specific details (cueing, song choice, etc), Kevin made sure that no detail was overlooked. He listened to what I wanted and offered advice as needed. The day of the wedding I was given a very special surprise by my Father. For his speech he had secretly worked with Kevin to do a musical timeline of my childhood and even though they had never practiced this 'performance' it was flawlessly coordinated. There was not a dry eye in the room. I have no doubt that this very sentimental moment would not have happened, if it had not been for Kevin's care and compassion. Because of that, it was a moment that I will never forget. Thank you Kevin for running your business with professionalism, grace and honesty, you have my recommendation.

## **October 10th 2010 Wedding Reception Ithaca Yacht Club, Ithaca NY**

Without ever meeting Kevin in person until the day of our actual wedding, my wife and I booked Kevin during the wedding planning process after speaking to him one-time on the phone only. Kevin was so thoughtful and walked us through everything that he would do for the reception. He really listened to what we wanted and ensured us that he would make that happen (and he did not disappoint). Furthermore, about a week before the wedding, we had a 2 hour conference call where we reviewed every last detail. Needless to say, before ever meeting Kevin or hearing his music, I knew we had the right guy.

Now on to the fun stuff....Kevin was an absolutely amazing DJ. Full stop. When I say that every song he played seemed like the perfect fit, I really mean it (my friends/family agreed as well because they could not believe what a great DJ we had). After getting a feel from us for the type of music we wanted to have, he started out with some classic oldies to get the dancing started. This was earlier in the evening so it was great for our older guests. But by the end of the night, he literally had the place dancing like crazy (mostly me and my wife's friends at this point). But the way that he transitioned from song to song and MC'd the event as perfect. Also, I am from outside of New Orleans so I wanted to make sure I had some of my hometown music, which Kevin was able to make happen as well. If you are looking for a DJ that isn't cheesy, knows how to MC an amazing party and is a true professional, then search no further. I strongly recommend Kevin for his services. If you are not convinced by recommendation, then I would suggest you call him to get a sense for what a good guy he is and what a fantastic DJ he can be for you!

Thanks Kevin!

Our ceremony and reception was amazing. Kevin chose perfect music for the ceremony and reception. Our guests are still talking about how great the music was and how much fun they had. They said Kevin was funny and started off the night with a boom! My husband and I could not be happier and we are so happy with the professionalism and quality of the dj service. The photo booth was a huge hit too! It was so nice not to have to worry about what songs to play or what was going to get played and if people were going to dance. People of all ages were dancing all night from start to finish. We highly recommend Kevin Colangelo Premiere Disc Jockeys. From our initial meeting with Kevin, we felt comfortable and assured that he was going to do an exceptional job. He walked us through different and unique ideas to make our wedding our own and not just another run of the mill wedding in a box. His pricing was very reasonable and when you book with him, you do not just get a DJ. Kevin is an entertainer who brings life and a sense of comfort to your reception. He will run through your reception prior to the event and provide the bride and groom a custom plan to make sure everything runs smoothly. On our wedding day, he was there waiting our arrival with everything set up, he gave us a run-down of where we were in the reception so we were prepared (we were running late because of pictures). He riled everybody together and even took the lead to fix our cake with Dibbles host (Our cake has a nice lean to it). He was very accommodating and even got us a drink when we were socializing (Little things like this is what separates the best from the good). Therefore, I personally recommend Kevin and his company to any of you looking to book a DJ. His business is definitely A+ and he is a true professional. Thank you for polishing our wedding reception, people are still commenting on the beautiful day.

### **September 5th 2010 Wedding Reception, Belhurst Castle, Geneva, NY**

Kevin DJ'd a close friend's reception last year as well as my own this September. Our friend's wedding was an absolute blast and I was impressed with how Kevin gauged the crowd and played an outstanding mix of music that kept the dance floor packed all night.

Needless to say, I was excited that we had Kevin booked for our wedding the next fall.

I cannot thank Kevin enough for the job that he did at our reception. We have received numerous comments from friends and family that it was the best reception they have ever attended. There were 150 guests and nearly every one of them (from ages 8-80) was on the dance floor the entire evening.

We let Kevin pretty much run the entire evening and our play/don't play lists were very short. The music selection was awesome, the right mix of classics and new hits. As with our friend's wedding, Kevin did an incredible job of gauging the crowd and giving the people what they wanted.

What impressed me the most about Kevin was his level of professionalism and preparedness. Our planning meeting before the wedding was invaluable as Kevin offered several suggestions on the order of events and the flow for the evening. His experience really showed here and his suggested timeline for the evening was perfect. We could not have planned the schedule better and are very grateful for his input.

Of all the various vendors required to pull off a wedding, Kevin very easy to work with and the one whom we felt most comfortable with and confident in. I would recommend him without reservation as he has nailed two home runs at both weddings I've been to. Thanks again Kevin!

### **August 21st 2010 Wedding Reception and Ceremony, Traditions at The Links at Erie Village, Syracuse NY**

In our almost 60 years, we've attended more weddings than we can count. Never before have we seen a performance that comes close to the production that Kevin and his team created for our daughter.

From the set up at our outside wedding on somewhat difficult terrain to the 6 hour reception that followed, everything was simply perfect.

Our guests were awed by Kevin's equipment and the professional manner in which he kept the reception moving along. The dance floor was never empty...many danced to nearly every song...straight through to midnight. And yes, several even climbed to the top of the tables to dance.

The photo booth was a huge hit...we heard many positive and fun comments. The thoughtful backlighting of the sweetheart table and nearby columns was a wonderful touch.

Thanks to Kevin and his team, our daughter's wedding has now set the "gold standard" for "DJ" entertainment against which all future weddings will be evaluated (and we counted at least 24 upcoming weddings in our friendship circle over the next several years).

Thanks Kevin for delivering an "evening to remember"---you made our "reception jitters" disappear and made us comfortable that our special evening was in your very good hands indeed.

Thanks so much,

Kevin was the DJ for our July 31, 2010 wedding, and it was awesome! Our dance floor was packed all night. We heard from so many people the next day saying that it was one of the best receptions they have ever been to, and I think it had a lot to do with the great music! Kevin was helpful throughout the planning process as well. Plus the reception planning sheet was a great way to make sure we heard all our favorites. The music was a great mix of genres and he played music everyone could enjoy.

Review: First of all, our apologies for taking so long to give our feedback! We left for our 3-week honeymoon only a few days after our wedding and have only just settled back into reality.

We were both extremely pleased with DJ Kevin's performance at our wedding. He was very attentive to the pace of the wedding and to our needs as we visited from table to table, and later during the evening exceeded our expectations as far as reading the mood of our guests and accommodating all of our music requests. That he looked just like Billy Bob Thornton didn't hurt either!! :)

We thank him again for an amazing day, we wouldn't have changed a thing. Our biggest wish was for our guests to have fun, and there is no doubt in our minds that they did. Nearly everyone was grooving to the music and no one wanted the celebration to end!

Kevin Colangelo was AMAZING as our DJ. We knew from the first time we spoke to him on the phone that he understood our vision for a non-cheesy wedding reception full of songs that every generation could dance to. And dance they did...we had guests telling us since the event how they haven't danced that much in years! Every person was on the dance floor at some point from 9 p.m. until 1 a.m. It was amazing. Kevin was also a true professional - my dad was the most impressed that he asked prior to the father/daughter dance whether he needed a bathroom break or anything before we were about to begin. AND Kevin saved the day when our wedding coordinator forgot to put out a cake knife and we were completely left hanging - Kevin happened to have one in his emergency kit! We would absolutely recommend Kevin Colangelo to anyone. Thanks to him, we will always be known as the wedding where everyone danced up a storm and had an incredible time!

Kevin,

I don't even know where to begin! You made our wedding perfect. From the very beginning when we first talked with you, you gave us so much insight & came up with a million ideas that were all incredible. You were so much more than a dj to us. The wedding day was magical! We've had so many comments from people saying that our wedding was by far the best they've ever been to- and I credit that to you. Your song choice & the timing of the songs was just perfect. You had everyone dancing all night long- from the college aged people to the oldest guests there!

Our entrance to the reception that you came up with was unforgettable. We cannot thank you enough for giving us that moment. Both Jon & I consider our entrance to be our favorite moment from the entire wedding day, and you came up with the whole idea of it on a whim. We've had so many people tell us that was amazing & we just felt like royalty. It was incredible.

You are truly a professional. You put so much detail and hard work into making the day special for us. From the gorgeous uplighting, to the bubbles during our first dance, to the amazing lighting during the dance, to the way you had the dance floor packed the entire night- I just can't say enough about you. Our wedding wouldn't have been the same without you. Thank you for making our day beyond perfect.

Review: Kevin did an amazing job DJ-ing our wedding! It would not have been the same without him! All of the guests commented on how much fun he was! I loved all the ideas he had to involve all the guests – things like giving away the centerpiece, bouquet and garter toss – that you see at every wedding, he had great ideas to make them fresh and exciting! Also – we had friends that were celebrating their 1st wedding anniversary at our wedding & he had the best idea how to make them feel special.

Kevin helped to create memories that we will not likely forget. Also – he used inspiration from the venue to set the tone for the wedding. It was exactly how I envisioned it, but better.

Thank you Kevin! I'd recommend you to anyone for their event!!!

WOW!! AMAZING!! We had our wedding just a few days ago and people are still asking who the DJ was and where we found him. Everyone LOVED him! The dance floor was PACKED all night long.

People sat down only long enough to get a drink and to catch their breath. Kevin Colangelo was my DJ and he was courteous, very professional and FULL of great ideas!

When we first called Kevin about being our DJ, I was looking for price – not necessarily quality. I'm super glad that Kevin convinced us to meet with him before giving us a quote. He drove 45 minutes to my house just for a meeting! No strings attached. He came prepared to answer questions and give suggestions on everything from music to seating arrangements, never once asking or hinting at signing a contract on the spot.

If Kevin hadn't insisted on a meeting, I may have gotten a DJ that I disliked or didn't mesh with my husband and I just because I was being frugal with the budget. Turns out that Kevin worked out in budget and completely EXCEEDED my expectations! The DJ is a very important part of the party... without a great working relationship with him/her, your reception could be a disaster. I want to thank Kevin and his assistant from the bottom of my heart for making my wedding reception what it was.

Spectacular uplighting that made the room perfect, great music all night long and an great sense of fun from Kevin all made my wedding reception the huge hit that it was!

## September 11<sup>th</sup> 2009 Wedding Reception

### Six Mile Creek Vineyard, Ithaca NY

The evening was full of many pleasant surprises, the lighting during our indoor ceremony being the first of those. Colors of soft, fluid light, grazed the walls of the intimate tasting room of the vineyard, which is where our ceremony took place. We were counting on an outdoor ceremony but moved indoors due to rain.

Of all the visits my fiance and I had made to the location during the planning of our wedding, I had never seen it look so majestic! A great deal of this was due to the artistry and expertise of Kevin and Co. We were actually quite thankful that things worked out as they did, which leads to another satisfying point of the evening:

The decision to move the ceremony indoors was rather last minute, yet Kevin adjusted everything accordingly and comfortably. Guests were saying of the ambience everything from, "It was awesome!" to "It looked like heaven in there," The after-rain mist creeping in the vineyard outside the huge windows played a part as well, but it was incredible the way the weather and the lighting/mood accentuated one another.

Kevin made every effort to inform myself and my husband of the events that were to take place, things that we spoke about/planned before such as the first dance, toasting, etc., as the night went on. And I can only imagine the challenge of grabbing our attention as well as our guests, amid all of the excitement of the night! I feel he succeeded in doing that.

My father even mentioned the next day that he really appreciated the playlist. I agreed that it was a balanced, energetic, fun array of songs; our "picks" from the on-line planner were often woven in as well, much to our appreciation.

Kevin and his assistant were working with a space that was perhaps not as open as many weddings/events are. Rather than having a central dance floor with tables all around, the tasting room had several partially divided sections. This I presume posed a challenge at times to get the maximum number of guests involved in the dance floor-oriented events. Then again with this set-up, guests had the option of mingling, enjoying their coffee, etc. without an imposing sound system complicating things. For those of us who wanted to boogie – the wedding party, my folks, some great aunts and uncles, the bride and groom- it was fabulous! We had a blast.

All-in-all, we were pleased and even ecstatic at times, over the course of the evening. We realize the impact that the DJ has on the smoothness of such an event, after working with Kevin Colangelo's DJ services

## September 6<sup>th</sup> 2009 Wedding Reception

### Herman Weiner Vineyard, Dundee NY

Kevin and his assistant, Mike, put on an incredible show at our wedding, and we had tons of guests coming up to us and asking us where we found our DJ/MC. Because we had spent several hours planning the course of the evening with Kevin, he was really able to tailor the music exactly to our taste. He fit in many of our requests at the perfect time, and even went out of his way to find special versions of several songs that we had requested but that he didn't previously have on file (including the coolest version of "Sunrise Sunset" ever by Louis Armstrong. As an MC, Kevin was very charming, and captured the attention of our guests while at the same time keeping his presence fairly discreet.

Special touches that went incredibly well:

The father/daughter dance started out with just the bride and her father, and then during the last 1/3 of the song, Kevin called out all fathers and daughters to come onto the dance floor. The same for the mother/son dance. This was very popular and meant that the dance floor went from 2 people to 20 people, then about 200 people within the course of 3 minutes. Great transition!

Lighting was very cool

The alternative garter toss, where the roles are reversed and the lady pushes the garter, was hilarious, and everyone loved it. The anniversary dance, where the dancing couples gradually get eliminated based on being married for less time than others, was very exciting, and some of the older couples that were outlasting others, were so excited to have their moment in the spotlight.

Everything went so smoothly. Once the dancing started, you couldn't keep the guests off the dance floor. It was packed all night. As Kevin promised, we ended on a high note, with energetic dancing until the end. We had to ask guests to leave.

Great overall attention to detail, and succinct keeping to the schedule.

Thanks for helping make our wedding turn out so perfectly. We couldn't be happier.

Jeff and Melissa DuBois

## September 5th 2009 Wedding Reception

### Inn on the Lake, Canandaigua, Rochester NY

Kevin provided exceptional service for our wedding in September of 2009. He transformed the ball room and turned it into something beyond our expectations. The first time we walked in we couldn't believe the lighting and set up job that Kevin and his crew created. Everybody including my 80yr old Grandmother was up dancing the whole night. All night we were approached by our guests who repeatedly asked, "where did you get this DJ-he's the best!" He was able to work within the guidelines of our venue, and he made sure that it would feel like it was our special night. We highly recommend Kevin Colangelo and his team, and their fantastic services.

Thanks again Kevin,

Jason and Tiffany Forte

## August 22<sup>nd</sup> 2009 Wedding Reception

### Club Shenandoah, Turning Stone Casino NY

When we first met with Kevin we immediately became excited to have him as our DJ for our wedding. As the event drew closer it was easy to see that Kevin followed through with what he offers. Never have I ever seen such professionalism, maturity and class with a DJ service. Kevin and his assistant handled the evening so well...from start to finish everything ran smoothly. As I looked around the night of our reception I noticed that literally EVERYONE was on the dance floor, even people who swear they do not dance. If you are looking for your reception or event to be "the best ever" definitely consider hiring Kevin, he will make it happen and follow through on his word. The reviews are still coming in for our reception...from the music selection to Kevin's organization, the night was a hit! You definitely get what you pay for with Kevin's DJ service

Kevin Colangelo and his team went above and beyond all of our expectations. From the very first call, we knew we had found the perfect DJ for our wedding. Hi Kevin,

Jeremy and I would just like to say thank you so much for all of your help and information before and during the wedding! We appreciated all of your tips, and guidance to try and make our wedding everything we wanted it to be and more. Everything ran so smoothly, and was everything and more we expected it to be. We did not have one minute during the whole night that the dance floor was not packed and that is exactly what we wanted! Our surprise entrance we planned went perfectly and shocked everyone! The up lighting was just beautiful, and really set the mood for the whole night, and was so classy. (esp. on the sweetheart table) We did not talk to one person the whole night and since the wedding who has not commented on how smoothly everything went, and how amazing the DJ was!

Thanks for helping us with everything beforehand, and making the night run flawless!

Attached is the picture of the entrance, I edited for you let me know if you would like any other pictures we have a bunch of everyone dancing with all of the lighting etc!

### **Buffalo NY**

Kevin Colangelo was by far the best DJ we have ever seen. He made a wedding reception so much better then we could have ever imagined. It was like something out of Vegas and when we walked in we became the show. It was absolutely incredible!

We met with Kevin twice before our wedding and after the second time we actually got a little nervous because he really sounded TOO good to be true. Let us assure anyone, he really is as good as he describes and he will do everything he says he will! We would welcome anyone to contact us for a reference for him.

Thank you again Kevin for making our day even more special!

We are back from our honeymoon in Kauai - a little tired and more than a little sunburned! But we had a wonderful time!

## **August 17<sup>th</sup> 2008 Wedding Reception**

### **Sarissons on the Lake, Pen Yan , NY**

Kevin Colangelo was a complete blast to have at my wedding, I had a smaller wedding ~100 people and the age ranges varied impeccably, Kevin Colangelo was able to have everybody up and dancing the entire night! Everyone after the wedding said that they had the best time they had ever had at a wedding reception. The DJ even knew that when one of my husband's friends who caught the garter was a little too much for my 18 year old cousin without saying a word or missing a beat he reversed it so that my cousin put the garter on him for the evening, it went well and I couldn't have been more pleased. I highly recommend Kevin Colangelo premier dj's I couldn't have wanted anything more on the most important day of my life...

## **Wedding 08/03/2008 Sheraton Hotel, Syracuse, New York**

We would recommend Kevin to anyone who is planning their wedding. He helped in all aspects of our planning process, and his insight and experience was an incredible asset. Our reception was exactly how we had hoped that it would be! The dance floor was packed all night, and hardly anyone remained in their seat. He played the right music at the right time, and was able to accommodate our guests' taste all throughout the night! Everyone commented on how phenomenal the DJ was, and it made it worth every cent! Thank you Kevin and Co. for making our wedding reception everything that we dreamed it would be and more!!

### **Wedding: 07/13/2008**

Kevin Colangelo was very easy to work with and has a great work ethic. He is very professional and with his experience knows what is in your best interest for your wedding. I would recommend Kevin and his service to everyone and if I ever needed a DJ for another occasion of any kind I would definitely use his services. He made our day very special and memorable. Thank you Kevin!

### **Wedding: 07/03/2008**

Kevin did a fantastic job. He and his assistant were very in tune to what we wanted played and how we wanted the reception MC'd. In my opinion the DJ is who often will make or break a reception. We interviewed many candidates (over the phone as we planned the wedding from out of state) and felt that Kevin was the most receptive to our needs.

### **Wedding: 06/27/2008**

Kevin did a fantastic job, he organized everything so I did not have to worry about a thing. Just like he promised everyone was out on the dance floor having fun. I have already given Kevin's name to 5 of my guests, he made everyone feel comfortable and they all had fun.

### **Wedding: 05/30/2008 The Manor, West Orange, New Jersey**

The DJ service provided by Kevin Colangelo was great. We received so many compliments on his quality service. The video montage he created was simply amazing and we got so many compliments on his display. I would highly recommend him to any of my friends or family. His setup is by far the best I've ever seen. Thank you once again.

### **Wedding: 04/19/2008**

Let me just say that Kevin Colangelo was the best DJ I have ever seen. I have been to plenty of weddings and other events that had DJ's, and never have I made or heard a comment about how good the DJ was. At my wedding, I had at least 20 people come up to me and ask where I found him, and how amazing he was. While the service cost more than the other DJ services I checked out, it was well worth the money and Kevin was excellent to work with.

Kevin was very professional and is extremely knowledgeable about weddings. He had numerous suggestions to make our wedding better and we used many of them. Most DJs show up and play. Kevin helped us get the most out of our wedding. He showed up 5 hours before the reception to set up and has extremely high quality equipment.

Kevin was wonderful to work with during the wedding, he played everything that was requested and had a great surprise song for the finale.

I would highly recommend Kevin Colangelo DJs for your next event

### **Wedding: 03/29/2008 Devils Thumb Ranch, Tabernash, Colorado**

Kevin Colangelo's services are outstanding. First, Kevin himself is professional and responsive throughout the planning process and during the reception. His song selection and elegant service kept people on the dance floor all night. And he stayed an extra hour because everyone wanted more. His equipment is sharp. The music is clear and undistorted. His lighting spotlighted several things throughout the evening. The scene he set for our first dance was perfect. The wedding was three weeks ago and we continually receive compliments on our DJ. You must consider Kevin the DJ and MC your event. Ohh, he cares very much to do an outstanding job. Our wedding was in the mountains of Colorado. We had several feet of snow and ice. His son broke the ice and shoveled it from the deck for our grand entrance into the reception site. The reception would not have been as smooth with anyone else.

### **Wedding: 02/23/2008**

Kevin was a complete professional from start to finish. He worked diligently to make our wedding a complete success. Kevin spent several hours gathering information on what we wanted for our wedding - and also gave us plenty of ideas for music and activity's we could use during our event. Kevin called us the week prior to our wedding to review everything from the names of the wedding party, the flow of the wedding, song selections and so on.

When it came to the event itself- Kevin arrived a day in advance and was at the venue in the early afternoon setting up. He working hand in hand with the staff at the venue to make sure everyone was on the same page. During the event- Kevin came to us a few times to ensure we were satisfied, and if there was anything in particular we wanted to hear- or anything he could do. His equipment was great- sound was awesome and lighting effects really added to the show! Song selections were great- and we liked ability to select songs in advance thru his website-

We would highly recommend Kevin to anyone- he takes great pride in his job, and really works hard to make his clients wedding day the best it can be!

### **Wedding: 01/19/2008 Ohio**

Awesome!!! We never met until the day of the wedding and that was all we needed. We talked a few times on the phone and everything else was through his website. EASY, FAST and PROFESSIONAL!!!!!! This was the 1 job I had, and it HAD to be perfect. It was. I still have people going out of there way to call or email me and tell me it was the best wedding there have ever been to. There are only a few thing people remember. The food, the weather and the DJ. ALL WERE PERFECT!!!! I would only tell people 1 person that is a must for there wedding. KEVIN COLANGELO!!!!!!

### **Wedding: 11/10/2007**

Kevin was great! Very professional and easy to work with. He always got back to me promptly when we had a question. I was especially impressed with the way that he really understood what we wanted and made the music uniquely ours. He went above and beyond by helping make sure everything went smoothly on our big day, not just the music!! We would highly recommend Kevin!

### **Wedding: 11/02/2007**

Kevin Colangelo Premiere Disc Jockeys was more than we had hoped for. The music was constant and the dance floor was packed. Kevin was very professional yet had this way about him that made us feel like we had known him for ever. He took his time and made sure that everything was orchestrated to the tee.

### **Wedding: 10/27/2007**

Kevin Colangelo Premiere Disc Jockeys did an outstanding job for my wedding! They were prepared, helped me plan the flow of the evening and all the music. Their website was a great tool, I was even able to give my family a password so they could request music in advance. I booked our limo and photographer at Kevin's recommendation and was thrilled. Kevin really knows the wedding business and does amazing job. The reception was so much fun, they made sure everything happened when it was supposed to and kept all of my guests needs in mind. I had dozens of compliments on the music selection, it seemed like everyone- young and old- got to hear their favorite songs. I would recommend anyone entrust Kevin Colangelo with their big day!

### **Wedding: 09/29/2007**

Kevin was the disc jockey for our wedding and he was EXCELLENT! I have been to several weddings with the DJ's were loud and obnoxious! Kevin had a beautiful presentation and was warm and inviting with all our guests. He made our wedding reception so much fun! He was great when I first met with him, and EXCEPTIONAL on September 29, 2007! He even called me when we returned from the honeymoon to see how we were doing! :)

### **Wedding: 08/11/2007 New Jersey**

Kevin is exceptional in quality of service, responsiveness, professionalism, value and in his flexibility.

### **Wedding: 07/21/2007**

Kevin communicated very well in the planning stages of our wedding and allowed us to pre-plan all the musical and entertainment decisions. On our wedding day, he arrived early and had an assistant with him the entire time. We were very pleased.

### **Wedding: 06/30/2007**

We absolutely loved working with Kevin and Jason (our wedding DJ). They had us from the first phone conversation and we were not disappointed on our wedding day. Jason was the best DJ I have ever seen. He was professional, entertaining and willing to do anything we wanted. It was easy to see that Jason was very experienced as a DJ. He only played music that was fitting for the people at our reception, and that was very important to us. We would highly recommend this company for any event.

### **Wedding: 01/14/2007**

The music was really important to Jeff and I, and we did not want the cheesy songs and silly props that most djs do so we met with Kevin and we LOVED him - on the day of the reception Kevin arrived 3 hours prior to set up and coordinate with the caterer.

Throughout the reception we kept receiving compliments about Kevin and how professional he was and where did we find him especially with the English accent.

Everything was perfect and we could not have asked for anything more - Kevin truly exceeded our expectations and really coordinated everything at the reception and made me think I was crazy for thinking about doing music with my Ipod for a reception after receiving advice from another bride who was going to do it - and we recently attended a wedding where they did their own music and it was terrible - thank goodness we did not fall into that trap.

Thank you Kevin we are truly indebted to you

### **Wedding: 08/26/2006**

Kevin was the disc jockey at our wedding and we liked him so much that we hired a dj, Jay, from his company a year later for my father's retirement party (Kevin was not available at the time). Kevin was very professional, knowledgeable and responsive throughout the wedding planning process. We received many, many compliments from guests about Kevin and his music selection during and after the reception.

### **Wedding: 08/19/2006**

Outstanding service!! Very professional, knowledgeable and flexible. A touch higher priced than the competition, but worth every penny. My only advice would be to talk openly with your master of ceremonies ... they in turn will get the overall feel for your wishes. Your master of ceremonies can make or break the reception. Kevin Colangelo's crew is the best I've seen at any wedding.

### **Wedding: 08/13/2006**

Kevin Colangelo was one of the best choices we made for our wedding. He was truly professional and went beyond what was expected of him. Our guests are still talking to us about what a great time they had on the dance floor. We recommend him with the highest praise.

### **Wedding: 07/03/2006**

One word- AWESOME!!! Hire Kevin and his team if you want a party!! We had a great experience with Kevin- he is energetic, fun, professional, and he will listen to your requests! Hiring Kevin was the best decision we made! Oh, and did I mention- he has a wonderful British accent!!!!

### **Wedding: 03/25/2006**

Kevin was willing to work with all the Greek names.. (my husband's family) as well as Renaissance and Medieval Music mixed with standards, Greek folk music and dance music... and made it flow.. not sure how.. Also his accent added to the ambiance of the whole occasion

### **Wedding: 09/04/2005**

Kevin is absolutely awesome. He gave us such a fantastic price and was willing to work on his day off to accommodate our wedding. He took many steps to assure that the music for our dinner and reception was just what we wanted. I'm so glad he gave us a price we could afford because it wouldn't have been the same without his services. And- he also provided amazing lights for the dance floor.

### **Wedding: 08/06/2005**

Kevin was a fantastic dj, he really read the crowd well and kept the party going. We received a lot of compliments.

### **Wedding: 07/30/2005**

Kevin is a fantastic person. He delivered high quality service and listened to our needs. You WILL NOT be let down.

### **Wedding: 07/02/2005**

Kevin Colangelo did a great job! It took a little work to arrange a meeting with them at the venue (it was a scheduling issue with the venue and their availability) but we were able to schedule it about 3 weeks before the date. The venue was giving us a hard time and my fiancée started to cry. Kevin Colangelo was very supportive and was able to work with the venue to work out the issues and calm us both down. On the day, they required no supervision... they arrived and set up with no one checking on them - very reliable! We had an anniversary dance with an extra bouquet as the reward for the couple married the longest but the extra bouquet was never delivered by the florist so Kevin Colangelo's guys quickly put together a bouquet from other arrangements and saved the day. They were very courteous and very professional to us, guests, parents, etc. They made great suggestions and customized the event to our tastes and preferences. They claim to be a "premium" dj service and THEY ARE!!! For only \$100-200 more than the "regulars" it was well worth it for the attention to detail, reliability, and professionalism that Kevin Colangelo gave us every step of the way. Really - for an extra couple of bucks - why wouldn't you. We had several friends get married the same summer we did and their DJ's were all the "low bidder regulars" and we felt that we had the best and most professional DJs then anyone else - and several of our guests who attended the other weddings felt the same way...why send your guests home thinking how great your wedding was except for...the music/the obnoxious dj/ the poor sound system, etc. Trust us- Kevin Colangelo and his staff will come through for you!

### **Wedding: 06/05/2005**

Kevin, not just his company, were to the UTMOST in professionalism. I had a VERY complex and difficult wedding to accommodate-- an all-day outdoor event that was bilingual. His charm was appreciated, yet he was able to dictate to me what we needed to do to make the day run smoothly without acting or sounding pushy. I can almost say that I underpaid such a fine performance. Kevin, his assistant, and his company are your guide to a flawless, perfect day. I will remember this day for the rest of my life and not only only walked away with that, but also a friend. Please feel free to contact me at any time regarding his services. Jennifer LoMaglio Methot

### **Wedding: 02/14/2001**

Living in New York City, we had a huge selection of DJs to choose from. But after finding Kevin on the Web and talking to him, we decided to hire him--all the way from Syracuse.

Kevin is a very personable guy, and that charm and charisma really carries over to his job. He made our wedding feel like a grand event without stealing the show. He also played all of the music we requested and even added a few of his own selections that really enhanced our play list. Also, Kevin's sound system is top notch and had our guests dancing all night long. You will not find a more professional, easy to work with DJ around.
